

HCM DailySense

1. Creación del objeto Integrantes

The screenshot shows the 'Step 1 - Basic information' configuration screen in the HCM DailySense application. The interface includes a sidebar with navigation options like 'Clientes', 'Empleados', 'Productos', and 'Object Management'. The main area displays a progress bar with 7 steps, with Step 1 being the current step. Below the progress bar, there are input fields for 'Integrante' and 'Integrantes', each with a 'T' icon. To the right, there are dropdown menus for 'fa-user'. Below these, the 'Data Source' section shows 'From Table' selected, with 'Main data Configuration String' and 'Integrantes' listed. A 'Save and Continue' button is visible in the top right corner.

2. Creación formulario nuevo integrante

The screenshot shows the 'Step 2 - Object Properties' configuration screen in the HCM DailySense application. The interface includes a sidebar with navigation options like 'Clientes', 'Empleados', 'Productos', and 'Object Management'. The main area displays a progress bar with 7 steps, with Step 2 being the current step. Below the progress bar, there is a form titled 'Nuevo Integrante' with various input fields: 'Foto', 'Nombre', 'Apellidos', 'Mail', and 'Rol'. Each field has a 'T' icon and a red asterisk indicating it is required. There is also a 'Idintegrante' field with an 'Auto' button. A 'Save' button is visible in the top right corner.

Los campos con el asterisco son los campos requeridos

2.1 Configuración campo foto para que acepte imágenes

The screenshot displays the 'Integrante - Foto' configuration window in the FLORIDAMBS by Flexygo application. The interface is divided into two main sections: 'Append Buttons' and 'Other options'.

Append Buttons: This section includes fields for 'Search Collection', 'Search Return Fields', 'Search Where', and 'Search Function'. Below these is a 'Help' section with a search bar and a '+', and a 'Tag' field.

Other options: This section contains settings for 'On Change Process', 'Image Compression' (set to 'Medium'), 'Image Max Width', 'Image Max Height', and 'Extensions' (set to 'Images extensions'). A 'Save' button is located at the bottom left of this section.

The bottom part of the screenshot shows the 'Display Options' section, which includes fields for 'Default Value', 'X Position', 'Y Position', 'Locked', 'Width', 'Height', 'Toolbar', 'Read Only', 'Detached', 'Is Required', 'Is Required Message', 'Persist Default Value', 'Cascade Dependencies', 'Display on form', and 'Ignore DB Default Value'.

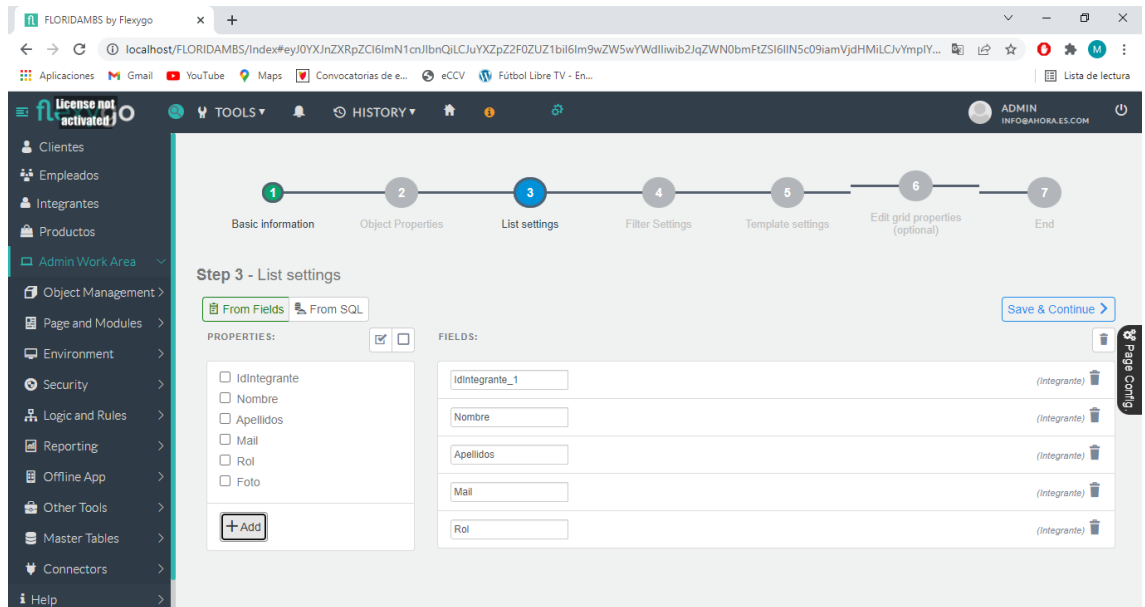

2.2 IdIntegrante autoincrement

The screenshot displays the 'Integrante - IdIntegrante' configuration window in the FLORIDAMBS by Flexygo application. The interface is divided into two main sections: 'Property Settings' and 'Display Options'.

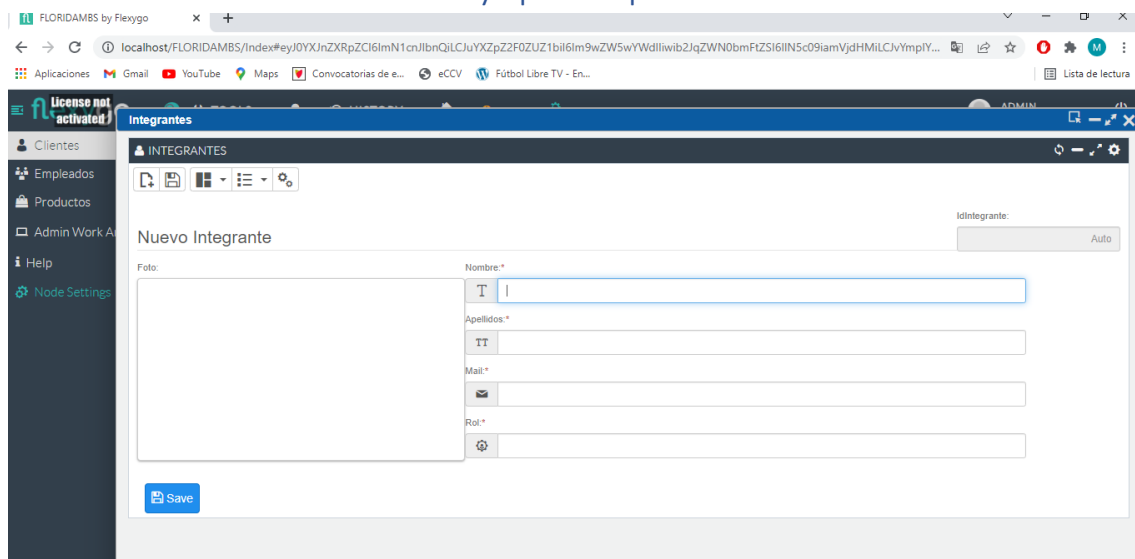

Property Settings: This section includes fields for 'Object Name', 'Name', 'Label', and 'Type'. The 'Label' field is set to 'IdIntegrante' and the 'Type' is set to 'Number'. Below these are fields for 'CSS Class', 'Label CSS Class', 'Label Style', and 'Automatic selection'.

Display Options: This section includes fields for 'Default Value', 'Mask', 'Locked', 'Width', 'Height', 'X Position', 'Y Position', 'Hide', 'Is Required', 'Is Required Message', 'Persist Default Value', 'Auto Increment', 'Display on form', and 'Auto Increment Function'. The 'Auto Increment' checkbox is checked.
